

## Maximise efficiency with single-source supplier: MEYLE-ORIGINAL control arm kits complete with mounting parts.

to fit AUDI A1, A3, Q3, TT | SEAT Leon, Toledo, Altea | SKODA Octavia, Superb, Yeti | VW Beetle, CC, Eos, Golf, Jetta, Passat, Scirocco, Tiguan, Touran

Steering parts are exposed to excessive levels of strain and corrosion. When replacing worn steering parts, it is recommended that also the mounting parts be replaced, as screws and adjusting shims are prone to seize up. Since they are critical for axle alignment, their proper functioning is essential.

MEYLE-ORIGINAL control arms are usually shipped with a full set of mounting parts including the eccentric bolt and eccentric washer. This allows for swift repairs to professional standards and precise and easy axle alignment.

**Includes special mounting parts for high-precision and simple axle alignment!**

The range of currently available control arms includes:

MEYLE no. 116 050 0027/S  
Short no. MSR0113

MEYLE no. 116 050 0079/S  
Short no. MCA0800
